

Our dedicated intermediary team have made transferring your SME clients to one of our global health plans simple and speedy.

With less paperwork, less waiting, and more reassurance, there's never been a better time to talk to your SME clients about transferring their plan to AXA.

Pass on the paperwork

We pre-fill enrolment forms for groups of five or more employees with Medical History Disregarded – giving you time back to focus on growing your SME portfolio.

All aboard!

We'll send you an application form for you or the group secretary to complete.¹ Our team will aim to get clients onboarded within two working days² – so for your clients, there's no waiting around while we get the plan set up.

Cover confirmed

Employees can use their new plan right away. We'll show them how to get started with a personalised welcome call and email confirming their cover. They'll also have access to their [healthcare hub](#). Here they can explore the additional services of their plan, find a treatment provider or manage claims with their secure online account.

Benefits of transferring

Baby on board

For groups of 10 or more employees, we'll waive waiting periods on pregnancy claims for employees with existing pregnancy cover.

Internationally recognised

Employees can usually keep their current treatment provider. And with the AXA Select network covering over 1.9 million treatment providers around the globe,³ we can often settle bills for treatment directly covered by their plan.

Online, anytime

With the Healthcare Hub – their online portal – your employees have a secure account where everything they need is in one place, from finding a medical provider to submitting a claim.

By your side

Our global healthcare specialists are here to provide expert support for you:

- ✓ Dedicated intermediary support team, supporting you from sale, to renewal – and beyond.
- ✓ Offering a collaborative approach to provide a range of employee health and wellbeing benefits.
- ✓ Access to products designed to suit global businesses.

Better for business

Whatever the group size, we're here to help. With cover options for groups of two employees or more, and the option of Medical History Disregarded cover for groups of five or more, we've got it sorted.
