

Our dedicated team have made transferring your SME client to one of our global health plans, simple and speedy.

With less paperwork, less waiting, and more reassurance, there's never been a better time to talk to your SME clients about transferring their plan to AXA.

Pass on the paperwork

We're pre-filling enrolment forms for employee groups looking for cover with Medical History Disregarded.

For you, that means less time spent completing forms, and more time to spend growing your portfolio.

All aboard!

Once we've got all the information we need, our team will work around the clock to get your clients onboarded within two working days – so for your clients, there's no waiting around whilst we get the plan set up.

Cover confirmed

Employees can use their new plan right away. We'll show them how with a personalised email, confirming their cover and helping them to get started with their online account and healthcare hub. All you need to do is pass on their email addresses.

Benefits of transferring

Baby on board

For groups of ten or more employees, we'll waive waiting periods on pregnancy claims if that's something they already have cover for. So, you can help employers to continue to support their employees as they grow their families.

Internationally recognised

As well as the reassurance of knowing how their new plan works, employees can usually keep their current treatment provider. And with the AXA Select network covering over 1.4 million treatment providers around the globe¹, we can often settle bills directly for in-patient, day-patient, and out-patient treatment covered by their plan.

Online, anytime

With their online hub and portal, employees can manage their policies in a way that suits them. From learning how to use their cover, to finding a healthcare provider or making a claim.

By your side

Our global healthcare specialists are here to provide expert support for you. We're set up to help you deliver global solutions that are simple for you to explain and excellent value for your client:

- ✓ Dedicated intermediary support team, experienced in sourcing compliant plans.
- ✓ Offering a collaborative approach to ensure value for money.
- ✓ Access to flexible products designed to suit global businesses.

Better for business

Whatever the group size, we're here to help. With cover options for groups of two employees or more, and the option of Medical History Disregarded cover for groups of five or more, we've got it sorted.
