Please be aware of the following points before you start to complete this form

Your policy is underwritten by AXA Insurance dac and administered by AXA Global Healthcare (jointly AXA).

- ✗ **Please do not use this form** if you are switching from another insurer, transferring from or upgrading an existing policy with us, or if you have chosen Moratorium underwriting on your policy.
- Please take care to provide accurate and complete answers to all questions for all members who are to be insured under this plan. This will help avoid any delay in processing your application.
- If you don't answer truthfully and accurately, it will very likely mean that a claim will be declined and your policy may be cancelled.
- The person named in **1 About the Policyholder** will be the Policyholder and legal owner of this policy. If this policy is for a child or children only, the person named in **1 About the Policyholder** will not be entitled to cover under this policy.
Please make sure you have permission to advise us of all the medical details for all family members you wish to add to this policy.
- A number of countries require residents, whether expatriates or otherwise, to take out health cover through a local provider or to hold cover which meets certain compulsory requirements. This cover may not meet these country specific requirements and therefore additional cover may be necessary. In some situations there may be consequences in the form of tax penalties or otherwise where a resident does not hold the required local cover in addition to their international medical insurance policy. If you have any concerns about any additional cover requirements in your principal country of residence, you should check with the local authorities whether there are any further healthcare requirements with which you are expected to comply.
