Exclusions

What's not included in the health plans

Our global health plans are designed to cover treatment of medical conditions that respond quickly to treatment – known as acute conditions. Like most health insurance policies, there are a number of exclusions and limitations on the plans and this is just a summary of the most significant exclusions and limitations:

- Treatment of medical conditions you had, or had symptoms of, before you joined
- X Outpatient cover excluded unless the outpatient option has been selected
- ✗ Routine dental check-ups
- ✗ Routine pregnancy and childbirth
- X Preventative treatment
- ✗ Treatment of conditions that last a long time or come back (also known as chronic conditions)
- ✗ Any treatment costs incurred as a result of engaging in or training for any sport for which you receive a salary or monetary reimbursement, including grants or sponsorship (unless you receive travel costs only)
- X Claims if you travel outside your area of cover to get treatment or against medical advice
- $\pmb{\mathsf{X}}~$ USA cover excluded unless this has been selected with your cover
- 🗶 Treatment that you receive in the UK from providers that are not listed in our Directory of Hospitals
- ✗ The costs of arranging treatment (such as travel to and from hospital or admin fees such as telephone calls).

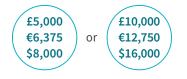

Full details of what members are and are not covered for are provided in the membership handbook, or are available on request.

Excess

You can help control the cost of your premium by adding or increasing the excess on your policy. We offer five levels of excess, an excess is applied once per member, per year.

Increased excess available for Standard plans without outpatient upgrade. Excess per person, per year:

Important information
