## International Travel Plan

### Taking care of your travel and healthcare needs

For travel and healthcare cover in one easy-to-manage policy, choose to add the International Travel Plan to your global health plan. Available as an optional upgrade, the International Travel Plan gives you extra cover when travelling – for things like lost baggage and cancellations.

You won't have to remember different policy numbers; you can take care of both in one policy. If you lose your belongings, have an important flight cancelled, or if you fall seriously ill abroad – we can take care of it.

So whether it's a beach holiday with the family or a trip abroad for business, adding on our International Travel Plan means you can make the most of your time overseas.

### Don't pay twice for health cover

If you have international health insurance with AXA - Global Healthcare and take out a separate travel plan before going abroad, you might end up paying twice for your health benefits.

Our travel plan takes into account the medical cover you already have – so you'll only be paying for the additional travel cover you need.

### With AXA's International Travel Plan you'll get:

**Annual business travel and holiday cover** – for trips of up to 95 days outside the country where you normally live, for a maximum of 183 days a year.

**One easy-to-manage plan for both travel and health cover** – you'll have one customer number and can contact us for both your healthcare and travel needs – that's one less set of details to remember.
