Your membership cards

It's a good idea to keep your membership details close by, just in case you need them. Your membership card is here to download in whichever way you like. You can save it, download it to your smartphone, scan it, send it, or ask for us to print it for you.

If you visit a doctor, hospital or clinic, you might be asked about your medical insurance. Show them your membership card to let them know your policy information. Some providers will use this to send us the bill for your treatment directly.

If you need to contact us, you can tap on your digital membership card and you'll find the numbers to call us on if you need to pre-approve treatment, or if you need us in an emergency. You'll also find a link to your online account, where you can log in to manage your claims and see your policy documents.
